Italy where the Gaetani family ruled as well as in Gaeta. There is still gothic architecture in both villages. Salvatore D'Aquila was a boss of what later became the Gambino crime family just when the Gaetani family ruled in L'Aquila Italy. The name Gambino and Campania comes from the Greek word camp which means crooked. In Italy it has also
come to mean leg. This is where the terms smugglers and thieves come. The word game is also etymologically connected with the name Gambino. The Bush family is working with the House of Bourbon and is using their power and wealth to help the cartels and the Mexican Mafia in the trafficking of drugs, weapons and human beings across the border. Former President Vicente Fox was educated Jesuit. The Jesuits settled in Sinaloa
where one of the largest trade unions in the Sinaloa Cartel is located. Political leaders in Mexico are deeply connected to the Vatican and the Spanish Crown. Organized crime is linked to trafficking in women and children. The Mexican mafia is also connected to an Aztec satanic cult of blood drinkers. In Spain it is estimated that 300,000 babies were
stolen from Spanish Roman Catholic hospitals under the House of Bourbon. Habsburg-Lorraine. Count Bourbon Juan of Barcelona was born in Rome. Royal families are working together to dominate society. When the people of Spain wanted to get rid of the monarch, the royal families supported the fascist dictator Francisco Franco, whose revolt caused a civil war, and he re-established the House of Bourbon as rulers of
 Spain. They use war and chaos to regain control or order. The Latin phrase Ordo ab Chao is the motto of the Freemasons and means Order out of Chaos. Juan Carlos went so far as to shoot his older brother to rob him of the Spanish Crown. When the Bourbon family began to expose themselves like this, Juan Carlos resigned and passed many fascist
laws restricting freedom of expression in Spain. The King of Spain holds the title of King of Jerusalem and this makes him very high level. Illuminati and were inisrO inisrO soL omsinaicurcasoR le y inisrO ed nemirc led ailimaf aL .satiusej

Orange-Nassau are former Holy Roman and French nobility that currently rule the Netherlands as a constitutional monarchy. King Willem-Alexander is the blood appointed head of state. They are believed to be extremely wealthy with a large amount of shares in Royal Dutch Shell. The term Shell is a symbol for Venus and Venice. In Sandro Botticelli's
painting "The Birth of Venus" the Roman deity is depicted being born out of the ocean from a pearl's shell. The city of Venice is named after Venus and was a major merchant and banking center in Europe for centuries. As a merchant family not only do the Orange-Nassau's have shares in Royal Dutch Shell but also in Royal Philips Electronics, KLM
Royal Dutch Airlines, and Holland America Line cruise ships. The reason these companies use the term royal is because they are primarily owned by the royal family of the Netherlands. Prince Friso of Orange-Nassau was a financial officer for Urenco Group involved in
uranium enrichment. The House of Orange-Nassua established the Netherlands Trading Society which later established ABN AMRO Bank and ABN A
ABN AMRO Bank. The name Orange comes from the Celtic principality of Orange in France. The Dutch Royal family are Protestants. The Loyal Orange Institute is an Irish (Celtic) Masonic order in Ireland and was created in 1798 to honor the Dutch born Protestant King William of Orange. King Willem-Alexander is the real head of the Loyal Orange
Order today and he is an Illuminati master mason.  deno taht Gasngsters kidnap women in France and sell them rich men in the Middle East. The Rothschild Crime family The Rothschilds are subtly titled the "Guardians of the Papal Treasury" in the Jewish Encyclopedia. They support themselves as the most rich family that masks the Italian nobility and its wealth and power. So it is how they protect
the papacy and its wealth. The true richness of the Vatican's nobility is hiding in private Swiss bank accounts, while the attention is in the Rothschild family was originally Roman traces and northern bank and merchants that were restored under the name of Rothschild family is married to many Zionist banking

the Roman bankers is the Guistinian bank of Venice and Gã © Nova and the fuggers. The Italian word for "simply" good "or" correct "is giusto. A German word for "good" is Fug. Mit fug und recommends means fair and correct. I think Wells Fargo is connected to Fuggers, Welser and Guistinian families. Wells refers to good or law. The leaks married
Austrian nobility. The head of the Guistiani family is Massa's Girolamo bar and I think he is a massimo. The way in which these families operate is through contracts. Then, if the Guistiani family established a bank and then expanded family branches to Germany and created banks, then those banks are probably linked to the original family. Veiled
proxies. I think Wells Fargo is Welsers Fugger and more connected to Guistiniani. Mit fug unde recht justifiably, with reason reason is the meaning of the Italian word giusto Welser was a German banking and merchant family, originally a patrician family from Augsburg, that rose to great prominence in international high finance in the 16th century
 as financiers of Charles V, Holy Roman Emperor. The Fugger family (German pronunciation: [ÅÂfÃÂÎIÂÃ]) is a German family that was a historically prominent group of European bankers, and venture capitalists. I believe the British
Rothschild branch are closely related to the Bardi family of Florence who reestablished themselves in Germany later on. The Bardi family financed the King of England with 900,000 gold coins which was never repaid. The British Rothschild is a knight of the House of Windsor and is Her
